WE LOVE SHOWCASING YOUR HOME WITH AN OPEN HOUSE

Open houses and showings are valuable tools for selling a property because they increase exposure, allow buyers to visualize themselves in the home, build excitement and provide valuable feedback to improve the property's appeal. These provide buyers the opportunity to view the property in person and get a better sense of whether it is the right fit for them.

TIPS FOR AN EFFECTIVE OPEN HOUSE:

- Clean and declutter to create a spacious and inviting atmosphere
- Make necessary repairs or touch-ups to improve the overall condition of the home
- Add fresh flowers or plants for a welcoming touch
- Remove personal items and valuables for security
- Provide refreshments to make visitors feel comfortable.

PRINT MARKETING

To promote our current listings, we use print marketing across various channels. This marketing strategy emphasizes the tangible nature of print, providing potential buyers with physical materials to hold and examine. By combining both print and digital marketing methods, we can reach a wider audience and increase the likelihood of finding the perfect buyer for your property.

SHOWING FEEDBACK

GETTING FEEDBACK

Not every home seller asks potential buyers for feedback about their house, but they should, and the most important question to ask following a house showing is "What did you think?" Many sellers hesitate, either because they don't know what they're looking for or are afraid to receive feedback.

Buyer feedback is essential. Without it, we won't know what twe're doing right or what could be improved.

We're in direct contact with buyers agents and ask for feedback on each one of our properties after every showing.

QUESTIONS WE'LL ASK

- 1. What's your overall impression?
- 2. How does this home compare?
- 3. What do you like most?
- 4. What do you like least?
- 5. What's your opinion of the price?
- 6.Do you see yourself living here?
- 7. What would it take for you to buy?

Feel free to email us any other questions you want to ask the buyers.

NEGOTIATING THE OFFER

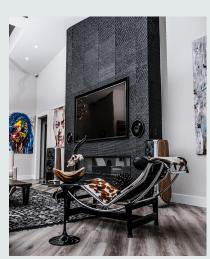

Did you know that negotiation can take place at three different times during the purchase contract process? Firstly, when submitting the initial offer, price and terms can be negotiated. Secondly, during the buyer's inspection contingency period, there is another chance to negotiate. Finally, negotiations can take place during the buyer's appraisal contingency. To ensure a smooth process, it is crucial to have a skilled and experienced professional working on your behalf. Our team is made up of negotiation experts, and we'll use our skills to advocate for you.

THE OFFER

Once you have received an offer, there are several critical tasks that you need to complete. It's essential to disclose and comply with all the terms of the contract. Once you have accepted the contract, the escrow process will begin. However, there's no need to be concerned – we'll be there every step of the way to guide you.

DISCLOSURES

When selling a property, it's important to provide buyers with all the relevant information they need to make an informed decision. In our state, sellers are legally required to disclose specific information to buyers. It's important to keep in mind that failing to provide the mandated disclosures can result in substantial penalties.

INSPECTIONS

It's crucial to comprehend the contingencies that come with offers received. For instance, inspection contingencies could take anywhere from 1-14 days to complete. It's important to know your obligations and options during this period. We'll stay in contact with you to ensure that all deadlines are met.

FINANCING / APPRAISALS

Having a competent agent by your side is essential to avoid complications when purchasing a home. They can help you review offers and ensure that the buyers making them have undergone full underwriting and approval.

CLOSING

Our goal is to help and coach you through the entire transaction. We're here to guide you through every step of the way.

THE OFFER PROCESS

AFTER YOU RECIEVE AN OFFER

We'll meet and review your offer together. Once the details are thoroughly reviewed and understood, you will have three options:

1 - ACCEPT THE OFFER AS WRITTEN

2 - DECLINE THE OFFER

If you feel the offer isn't close enough to your expectations to further negotiate this offer.

3 - COUNTER OFFER

If you agree to most the offer but want to change a few details, we can counter the buyer with the new terms.

You can negotiate back and forth as many times as needed until you reach an agreement or someone chooses to walk away.

ONCE AN OFFER IS ACCEPTED BY BOTH PARTIES, YOU ARE OFFICIALLY UNDER CONTRACT.

FINAL STEPS

ORDER THE INSPECTIONS

Ordering inspections before closing when selling a home is crucial to avoid potential complications and ensure the home is in good condition. General and pest inspections should be completed, and any issues should be addressed before finalizing the sale.

ORDER THE APPRAISAL

Ordering an appraisal for home sellers before closing on a home can be a good idea to ensure that the home is priced correctly and to avoid any surprises during the sale process. However, it is not always necessary and the decision should be made based on individual circumstances.

NEGOTIATE FINAL OFFER

When negotiating a final offer for a property, it's crucial to consider current market and property conditions, urgency of the sale, and be realistic with expectations to come up with a fair and reasonable offer. Flexibility and compromise are key to reaching a mutually beneficial agreement with potential buyers.

SCHEDULING YOUR MOVE
